

DON'T BE CHICKEN

Typography

Typography helps express the bold, clean energy of Chick Muy Caliente. We use a type hierarchy to ensure clarity and consistency across all touchpoints.

Our typography choices bring flavor and personality to every message. From bold headlines to clear, friendly paragraphs — we use type to make every word feel deliciously on-brand.

Header

Berthold Block

A bold and distinctive typeface that brings character and flair to our headlines and key brand statements.

THE PERFECT CHICKEN
HANDWRITTEN FONT FOR
MENU AND BRAND VOICE.

Color Palette

Our color palette captures the vibrant spirit, bold personality, and mouthwatering warmth that define the Chick Muy Caliente experience — inviting, energetic, and made to stand out just like our flavors.

These colors aren't just visual — they tell our story. Red brings the heat and hunger, yellow adds a warm, inviting tone, Black grounds us with boldness, and White keeps everything fresh and clean. Together, they create a flavorful identity that's hard to miss.
